NOW HIRING · MAINTENANCE

Machine Maintenance Technician

JOB TYPE	FOCUS	LOCATION
Full-time	Repair and rebuild	Oshkosh, WI

Every minute of downtime matters. Join our team as a Machine Maintenance Technician and play a critical role in keeping our production equipment operating safely, efficiently and reliably, while helping drive the success of our manufacturing operation.

This is a hands-on job: about 90% of the time is spent repairing and rebuilding machines, including ovens, coilers, grinders and more.

Duties

- Change, repair and rebuild shafts and gears.
- Perform routine maintenance and repairs on machinery and equipment.
- Troubleshoot and diagnose mechanical issues.
- Read and interpret schematics, blueprints and technical manuals.
- Fabricate and weld parts as needed.
- Conduct facilities maintenance.
- Ensure compliance with safety regulations and maintain a clean work environment.
- Provide excellent customer service to internal departments.

Electrical knowledge, from basic to advanced, is a big plus but not required.

Qualifications

The ideal candidate will have:

- Strong mechanical knowledge and aptitude
- Proficiency in electrical systems and troubleshooting
- The ability to read and interpret technical drawings, schematics and blueprints
- Experience in facilities maintenance
- Leadership skills to supervise and train junior maintenance staff
- Excellent written and verbal communication skills in English
- Welding skills for fabrication
- Knowledge of boom lift and forklift operation

Must provide own tools.

Benefits

Oshkosh Coil Spring offers a competitive benefits package, including:

- Health Insurance
- Dental Insurance
- Vision Insurance
- Life Insurance
- Disability Insurance
- Health Savings Account (HSA)
- Health Reimbursement Arrangement (HRA)
- 401(k) Retirement Plan
- Paid Vacation
- Paid Holidays

Additional Information

- Pre-employment drug screening required
- A mechanical test must be completed and passed during the interview process

This job description is intended to provide a general overview of the position. It is not an exhaustive list of all responsibilities, duties, skills or requirements.

How to Apply

If you're a skilled maintenance technician who takes pride in keeping production running, and you want to grow with a stable, family-owned manufacturing company, we encourage you to apply today.
